Life is not always fair, but inside you lives a champion that can overcome the challenges!

Is something wrong from the very beginning of life?

Not many of us will be Olympic Champions, but we can be champions in our personal lives. Despite some negative beginnings and situations, the human will has incredible strength to conquer the challenges most of us face in life. Through my own failures, and studying the historic failures of humankind, I know there is a vital missing link in our personal development. It is common with all human behavior and critical to our well being. We all don't have the ability or resources to live life successfully. It appears that life's demands are too great.

Most people don't commit a crime, but many of us falter with personal or social deviance. There was a time in human history that crime and "sin" had the same meaning. The genesis of crime has its origins in biblical writings. The root of crime evolved from man's human freedom to sin and break God's law. Adultery is not a crime in the

West, but in other cultures there is still the concept of stoning. Divorce is a forgivable sin but it could be considered a crime to society and to society's children. We all make mistakes, poor choices or sin to various degrees. Some of our behavior needs to be restrained and controlled. There are public laws to protect society and natural laws to uphold human behavior. Our police enforce the legislated laws, and without the police, our society would crumple with crime.

However, it seems our society is crumbling, from our failure to obey the natural laws enacted at the beginning of life. Can we be a true champion in life without obeying the natural laws? If we follow the natural laws, crime will reduce. Life is hard and we need the help of each other to navigate the trials and tribulations of life. We require a fear and respect for man's law but also a fear and respect for the natural laws of life.

Go confidently in the direction of your dreams

Hardwork, dedication, commitment, focus, discipline, courage and faith make a Champion

Biblical Explanation of Crime and Deviance:

"This is the Missing Link in all our research and study of criminality"

1. Genesis 3: the fall of human kind where man's heart was changed towards vices and sin
2. Genesis 3: the mystery of evil spread over the earth and a curse on life
3. Genesis 4:7 this evil, sin, vice, crime crouches at the door of each of us and seeks to rule over us
4. Romans 7&8: sin is like gravity that pulls us to wrong choices and we cannot defeat it on our own
5. Galatians 5: there is a civil war between our flesh and our spirit over doing right
6. Ecclesiastes 8: there is no swift justice and crime increases
7. John 3&14: Jesus is sent to save us from ourselves and leaves the power of the Holy Spirit to guide us

"The Village Project"

Help some kids in your community win some medals in the race of life. Start a mentorship group in your community for youth that need coaching to overcome some of their challenges. Your church or social group, could make a difference, by spending a few hours per week to steer a young person in the right direction. This is an opportunity to reach out and be part of the solution to our youth problems. Contact me for further info.

**Youth Violence is disturbing and growing!
(something is wrong)**

Why Do We Fall In Love?

The simple explanation for the process of falling in love, centers around the human craving for pleasure, and a few well placed hormone receptors in the brain. Matthew Kelly who wrote, *“Seven Levels of Intimacy”*, suggests our hearts yearn for intimacy, but true intimacy goes beyond sexual satisfaction. The Bible teaches that woman was made from man's rib and God gave us the gift of love. Men seem to keep seeking that missing rib and are not satisfied with one partner. I have witnessed older men still pursuing the hunt, despite the limiting biology. A good friend of mine who is a very attractive lady told me, “over the years I could have had millions of affairs, if I had just said, yes!” We men, are weak and selfish in that area. Michael Phelps won eight gold medals, and men sometimes think we are in the Olympics of relationships and the race never ends.

Three Stages of Love:

1. Lust- this stage centers around sexual craving. Lovers have a frequent and urgent desire for intercourse and think about sex constantly. Some relationships end at this stage but many develop into romantic love.
2. Romantic Love- features intense feelings of desire, emotional highs and lows, and obsessive thoughts of the loved one.
3. Long Term Love- the final stage of love is a long term attachment where partners settle into emotional security and stability. A feeling of calm and comfort.

Our society is not very good at keeping our love and commitments to each other. It has been noted, by some marriage researchers that this divorce generation will be recognized in history as the “insanity of our times.” The #1 cause of divorce is “selfishness” and I am as guilty as others !

Fatal Attractions: *an affair can be addictive, as a simple friendship turns into an painful and agonizing triangle. The ventral pallidum of the brain is responsible for addictions and is known as the pleasure center. As “crackheads” ruin their life and others, so can affairs!*

There is always some madness in love. But there is also always some reason for the madness.

Friedrich Nietzsche
(1844-1900) German Philosopher

No Gold Medals for Infidelity

(Current stats indicate 60% of men and 40% of women get involved in affairs)

Belinda and Tie

John Edwards

Governor Paterson

It is easy to judge others but how many of us have drifted from standards we value and embrace?

- Belinda Stronach was a rising political figure and Tie Domi a hockey star, but their careers suffered a huge setback
- John Edwards was a well liked and impressive Senator who ran in the Presidential Race, and his affair was a deep blow to the country. His political career is finished!
- Governor Paterson is the first blind governor of New York, but took office after the resignation of married Gov. Eliot Spitzer who was caught in a sordid prostitution ring. On taking office Governor Paterson announced a past affair during a “rough patch” in their marriage.

What these people did is unacceptable, but it reveals our human weakness to sinful choices and we all can be caught in a tangled web of deceit.

Dr. Charles Price of Toronto recently taught a most profound truth about the “law of sin” that lives in each one of us. He cautioned if we did not “get this”, we will never understand human behavior. The people noted above, are still guilty of wrong behavior where their personal desires overwhelmed good common sense and morality. The Bible warns that sin, vices, and poor choices are a daily struggle and our hope to live successfully is found in following Jesus Christ and his teachings. This is not a popular message in our world today, but that still does not change this truth. The police are required to control crime, but we also we need a “higher power”, God, to keep our behavior in check from breaking the natural law.

We must deal with our present earthly realities by addressing the practical needs of society to prevent crime. We need more police officers, stricter laws and better progress in positive social development for communities. We also need a sense of God in our communities to overcome our weaknesses, and truly succeed at life individually, and as a society.
