## *Houston, We Have A Problem!*

*"Floods, earthquakes, volcanoes, drought, and SIN!"*

**The world is not working well and we all know it! Violence, Crime, Divorce. Does evil reign?**

### The Problem and Solution

In my book called, "Shattered By Pride", I established the invisible causes for my blindness and failures. I extensively researched, studied and examined the social sciences for the roots of negative human behavior, but psychology, philosophy, and sociology could not answer my questions. Why are we so prone to moral, ethical and criminal actions? None of us are exempt from some form of wrongful behavior. Now, humanity is trying to change society to fit our sinful ways. Surprisingly, the one book I discovered which provided me the long sought after answers was the Bible. Now, don't write me off as some religious zealot. Please open your mind to the possibility that the Bible does have the secret truths and solutions to humankind's grave dilemma. Let's just accept that there is a God and He gave the writings of the Bible to guide us in this brief life. Whether you believe something or not, does not change the fact that its the truth. The historical evidence of the

Bible is "beyond any reasonable doubt" as they say in court. Something very unnatural occurred in the human race and we all inherited, "original sin." It is sometimes called "ancestral sin" and is embedded deeply in our flesh and physical being. You can't escape it as it pulls us like gravity towards wrong choices or behavior. Your child has gone astray, your spouse has abandoned you or some form of injustice has fallen on you. These issues in many cases can be traced directly back to original sin in a person. There are Seven Deadly Sins that birth all kinds of havoc in your life. They are: Pride, Envy, Anger, Greed, Laziness, Lust and Gluttony. Centuries ago these sins were used to explain human behavior. It is only recently that we discovered and used the science of psychology to help explain human problems. However, sin has no boundaries and each of us have sin. Even some very good people may have personality strongholds that need adjustment or it will cause conflict and sin.

So, here comes the kicker, and the

solution that I had, and many have rejected. His name is Jesus Christ, and He came to save us from our own sinful flesh, and our wrong desires, attitudes and conduct. If society were to adapt His ways, the crime and divorce rate would dramatically fall. The seven deadly sins that cause such turmoil and destruction in personal lives would be neutralized. There would be a hope beyond the trials of this world and a new freedom. Please contact me to start your new journey of overcoming and conquering deadly issues in your life.

### **Crime Prevention By The Book "The Holy Bible"**

Crime has numerous visible causation factors that include alcohol and drug addiction, poverty, psychological issues, and educational opportunity. There are also invisible origins that can be related to the seven deadly sins. We arrive in this world seemingly innocent, but given various issues of genetics, personality challenges and family conditions, we may falter or fail in life. We don't have to teach our children how to be bad at times, they will naturally do it. As we grow into adults, we carry our human faults and sinful traits into life and our relationships. If we do not recognize our invisible liabilities, and do not confront them, they may cause human conflicts, relationship strife and immoral or illegal activity. The mystery of this natural predicament requires a force outside ourselves or our wills to change. This most serious quandary requires the power of God to change. This is why the Church preaches the saving power, forgiveness and grace of Jesus Christ to the whole world. There is no other true and lasting solution to man's sinful state, but the teaching and daily relationship with Jesus Christ.

### ***Shattered By Pride* "Trouble Never Leaves You, The Way It Found You"**

Shattered By Pride is a riveting true story that will keep the reader enthralled and captivated from the dramatic first pages, and throughout the tense emotional eighteen chapters.

It is a fast paced real life chronicle that provides some chilling and unnerving accounts of one man's fall from grace. You will be challenged to examine your own behavior, choices in life and discover a new way of thinking, living and loving.

**The Local Church is the Still the Hope for Every Community**

Dr. Charles Stanley of In Touch Ministries recently stated, "I've been a believer long enough to know that I can't live the Christian life. This flesh of mine isn't any

better today than it was the day I was saved. Our flesh is corrupt and its vices cannot be suppressed by any human means." We cannot defeat our inherited sinful nature on our own and we need divine intervention to change. The local church can be the best resource to begin the process of overcoming the invisible enemy that wrecks your life. Our hope from the bondage of our sinful nature can be only found in Jesus Christ. Your liberation and freedom from the slavery of sin can be discovered by visiting your parish. The World or Google cannot deliver us from our sinful nature, only God can. He will meet you each and every Sunday at your local church.

**Dangerous Surrender** (read at your own risk)

Kay Warren who is Rick Warren's wife (Purpose Driven Life) wrote "Dangerous Surrender" which is a powerful, explosive and profound account of how she battled the, "kingdom of me." She was brutally honest of the time, energy and money she had devoted to controlling, polishing, protecting and defending "my" own private kingdom. Despite, all their success and commitment to their faith, she felt challenged to make a bigger difference in life. New revelations in Kay's journey birthed a mission for the "Aids" epidemic around the world. This "calling" deeply impacted her faith and family. It was a high risk defining moment in her life. Kay's dangerous surrender uncovered shameful thoughts, secret guilt and ugly garbage that permeated part of her soul. As I read this "must read" book, I became convicted of my own dark disgrace and dishonor. However, despite those harsh realities that are common to man, God's unfathomable mercy and grace says, "I forgive you and love you!"

That is the key and profound offer of Jesus Christ to a broken people and a fractured world. So, if you decide to visit one of the local churches in your community, you can start the process of a new understanding and awareness that only God can reveal. A new and exciting journey can begin.

As Kay explains, "you will be ready to push back the darkness in yourself, in your home, in your neighbourhood, in your city, your country and the world."

Today is the day to make that change! Contact us and we will guide you to that new awareness, and to the resources that will pave your way to a "Dangerous Surrender."

**Can God Be Trusted or Can Humans Be Trusted?**

God is calling people all over the world and says: bring me your pain, your depression, your guilt, your shame, your failure, your discouragement and your addiction. You have some "giants" in your life, like the bills you can't pay, habits you can't break, unforgiveness you can't conquer. We have all faced giants of some sort. Jesus fell three times carrying the Cross and someone helped Him on his third fall. We all need a helping hand in this life with its many challenges. That is precisely why God sent His only Son as he knew we could never make this life on our own. There are mountains to climb and the race of

life is hard. Jesus taught us that we would have troubles in this world. Sometimes it feels like we are all alone, but Jesus promised that he would never forsake us. What a promise! No matter what obstacle you face, no matter how grave the circumstances or suffering you are enduring, God is with you.

Jesus also promised that He has overcome this cursed word. He knows we are sinners and fail. He will forgive us, once we repent and commit to a new life in His teaching. Jesus is our hope in this present age of injustice and wrong living. There is a community in our country named "Hope", but there is a new hope each and everyday for you. Jesus is the "hope" to overcome all the burdens you carry. People and institutions will fail us, but God will judge the ones who have been unjust. Leave that to Him in His time.

God is full of mercy and grace towards the human race, but many will reject His offer, and decide to live like the devil. Jesus did not dispute the reality of the devil and evil. He invites us to a new life from the bondage of sin (seven deadly sins) and the promise of eternal life. There will be no more pain or suffering, and you will be free from the anchor of earthly sinful desires. We all have failed and fall short and no one is deserving of God's gift of freedom in this life and the life to come. The Cross provides our passport to a new life and freedom.

It is a difficult thing to trust God with your life and future, that is why we have to walk by faith. I know I had proven that I could not be trusted, but with the power of the Holy Spirit and the life of Jesus in me, I can be trusted. So can you!
